

# Compare Your Civil Construction Quotations

Project/location: \_\_\_\_\_ Date: \_\_\_\_\_

Use the same drawings, specifications and quantities. Mark each cell clear, needs clarification or not included; add the allowance/quantity where relevant.

| What to compare                                    | Quotation A | Quotation B | Quotation C | Question / action |
|----------------------------------------------------|-------------|-------------|-------------|-------------------|
| Contracting entity, validity and drawing revisions |             |             |             |                   |
| Price basis and chargeable area                    |             |             |             |                   |
| Ground conditions and foundation assumptions       |             |             |             |                   |
| RCC, reinforcement and formwork                    |             |             |             |                   |
| Masonry, plaster and specified quantities          |             |             |             |                   |
| Materials, product allowances and upgrades         |             |             |             |                   |
| Plumbing and electrical boundaries                 |             |             |             |                   |
| Specialist roofing/waterproofing interfaces        |             |             |             |                   |
| External walls, drains, paving and tanks           |             |             |             |                   |

Open questions / notes: \_\_\_\_\_

Compare complete owner budgets without double counting. This worksheet is not a contract, engineering review or certification of a bidder.

# Quotation Comparison - Delivery and Completion

Project/location: \_\_\_\_\_ Date: \_\_\_\_\_

Use the same drawings, specifications and quantities. Mark each cell clear, needs clarification or not included; add the allowance/quantity where relevant.

| What to compare                                 | Quotation A | Quotation B | Quotation C | Question / action |
|-------------------------------------------------|-------------|-------------|-------------|-------------------|
| Access, plant, site facilities and waste        |             |             |             |                   |
| Design, investigation, permissions and fees     |             |             |             |                   |
| Tests, inspections and records                  |             |             |             |                   |
| Programme, weather and owner decisions          |             |             |             |                   |
| Variations, quantity adjustments and escalation |             |             |             |                   |
| Advance, assessments, payments and retention    |             |             |             |                   |
| Snagging, handover and defects                  |             |             |             |                   |
| Taxable value, applicable GST and total         |             |             |             |                   |
| Excluded work and separate owner purchases      |             |             |             |                   |
